## *Three White Chicks 2018*

### Our Story

"Sophisticated Wine with Texas Roots" is Brennan Vineyards' longstanding commitment to making world-class wines from Texas grapes. Our vineyards in Comanche County, Texas, were planted in 2002 and were followed by the establishment of our state-of-the-art winery in 2005. Brennan Vineyards is proud to produce superior wines at the hands of our winemaker, Todd Webster. Webster produces premier wines by blending old world traditions with high tech innovations in his winemaking techniques. Our thirty acres of vineyard is currently home to ten varieties of grapes that make up a portfolio of thirteen different wines.

### Vintage Notes

The 2018 harvest presented challenges with excessive hot weather, and random hail storms. In Comanche several businesses and farms got pelted with baseball size hail. Thankfully, the hail storms seemed to barely miss the vineyard. Brennan Vineyards experienced an early summer which in turn caused a semi-early harvest. We had to have constant irrigation on the vines to prevent them from being damaged by the insane heat wave that had taken over Texas. Brennan Vineyards saw very damage aside from a few varieties not producing as much as expected.
