

# CITY ORCHARD

## King Blossom Dry Heritage Cider

King Blossom is a hand-crafted dry cider made in the Northeast US tradition. This carefully selected blend of tree-ripened bittersweet, heritage, and culinary apples produces a bold and complex cider.

The King Blossom is the first white apple blossom that opens to sun and pollinators. Buzzing with bees, this is the time of year that nature's magic takes over the orchards. It is only a matter of months before the King Blossom yields to the fruit that we press and craft into this refreshing cider.

Class: Heritage Cider

8.0 alc./vol.
