

Cabernet Franc 2019

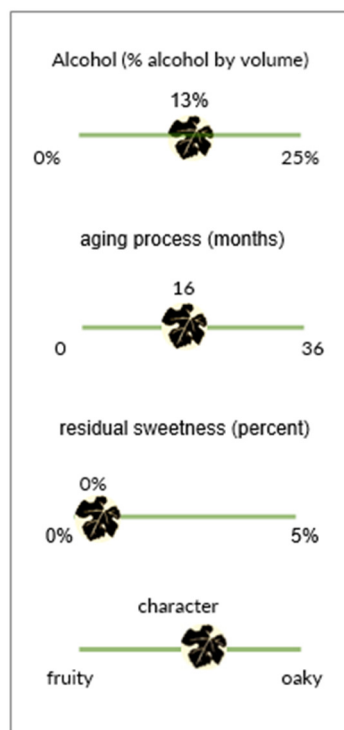

WINEMAKER NOTES

Cabernet Franc (kab-er-nay frah~n) originates in the Loire region of France but is best known as a blending grape for Bordeaux style reds. It tends to have similar flavors to Cabernet Sauvignon but is lighter in intensity and color. DNA testing has proven Cabernet Franc to be a parent grape of Cabernet Sauvignon, Merlot, and Carménère.

TASTING NOTES

Dark cheery hued this Cabernet Franc has aromas reminiscent of pipe tobacco and cherries. Flavors of boysenberry and mulberry carry over to the palate then drift away to reveal flavors of and young red cherry with a hint of white pepper. Velvety tannins linger on the pallet bringing out slight flavors of vanilla.

TECHNICAL NOTES

Varietals & Vineyards:
