

Cabernet Sauvignon 2019

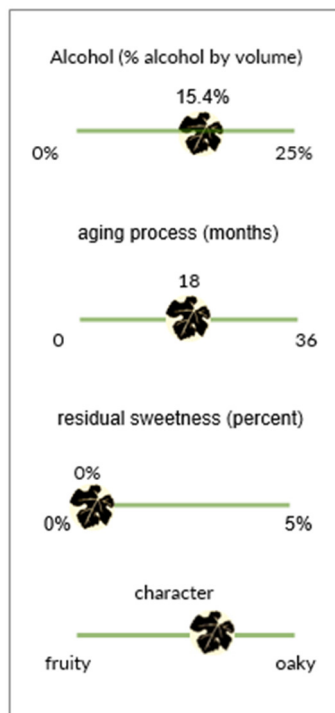

WINEMAKER NOTES

Cabernet Sauvignon (kab-er-nay sah-vin-youn) is one of the world's most popular grapes. It is grown in almost every grape growing region and is often seen as a single varietal but is also used in many blends, including those from Bordeaux. Its versatility allows it to express many different flavor profiles depending on where it was grown. Texas Cabernet Sauvignon tends to be more fruit forward, expressing less minerality and terroir than those from other growing regions.

TASTING NOTES

This Cabernet Sauvignon has an inky ruby color. Aromas of black cherries, currants, and just a hint of liquorish are ever changing with each inhale. Cherries and currants carry over to the palate but with the added flavors of dark chocolate and espresso. It finishes with a lingering mouth feel reminiscent of black tea full of structured tannins.

TECHNICAL NOTES

Varietals & Vineyards:

88% Cabernet Sauvignon from Triple Diamond Vineyards
Tokio, TX
12% Petit Verdot from Sprayberry Vineyards
Midland, TX

Harvest Date:

September 2, 2019
