

Sangria NV La Diosa

by McPherson Cellars

Wine Specs

Varietal: Vineyard Mix

Alcohol %13.0

If Forrest Gump were a fan of drinking, he would probably say “summer and sangria go together like peas and carrots.” Seriously, it’s not summer until you make a pitcher of some fruity sangria goodness to enjoy on your back porch. Making sangria from scratch is always interesting, but sometimes you want to enjoy a glass or two with minimal effort. That’s when you need to grab a bottle of La Diosa Cellars Sangria from the fridge and throw some chunks of fruit in your glass.

Nose: Tropical fruit aromas.

Palate: Medium bodied, jammy with hints of dark fruit.
