

Sauvignon Blanc 2021

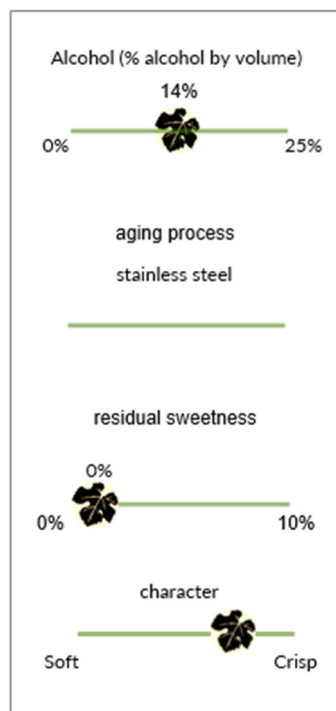

WINEMAKER NOTES

Sauvignon Blanc (so-vee-NYOHN BLAHNK) originates from the Bordeaux region in France. Many believe that the grape gets its name from the French words sauvage (wild) and blanc (white). It is widely planted throughout the world and known for being light and crisp with strong grassy and grapefruit notes. In the right terroir, it can express vibrant minerality. Some of the most notable Sauvignon Blanc wines come from France, Australia, New Zealand, California and Washington. Texas Sauvignon Blancs are becoming increasingly popular, expressing less minerality and grass and more lemon and lime flavors.

TASTING NOTES

The 2021 Sauvignon Blanc has a delicate straw color and structured well-spaced legs. With an overwhelming aroma of Bosc pear and hint of citrus, this is not your average Sauvignon Blanc. Citrus is front and center on the palate, with hints of white grapefruit and verna lemon. The finish lingers on the tongue with notes of exotic kumquat and Persian lime.
